FEDERAL GRAND JURY INDICTS TONOPAH PAIR
A charge of conspiracy to violate the Mann "white slave" act has been brought in Utah against "Knockout" Brown and Lillian Hall, arrested at Salt Lake after a charge of passing bad checks had been made in Reno against the woman.

Lillian Hall first was arrested at Salt Lake at the request of Reno authorities. Health officers of the government objected to her return to Nevada and, Brown, her paramour, having been arrested, federal authorities decided to handle both cases there.
Brown and the Hall woman were in Reno for some time, Brown posing as a fighter. He was brought back from Oakland after beating a hotel hall in Reno.

FIRST NEVADA AERIAL MAIL
The first attempt to top the heights of the Sierra since the transcontinental air race last fall, will be made tomorrow by Lieutenant Grant in a flight from Cliff Durant field in Oakland to Reno. Lieutenant Grant is scheduled to scale the summit between eight and nine o'clock tomorrow morning. He will leave his hangar at 7:30 a. m. and will be due in Reno at nine o'clock. Grant will carry mail and it is evident from this that the trip will be made under government sanction.

Grant will be the first aerial mail carrier to reach Reno and should the proposed extension of the aerial mail service from Chicago to the Pacific coast be authorized, Grant will be known as the pathfinder in the enterprise.

YELLOW LABOR WITH FARMERS
(By Associated Press)
BERKELEY, March 25.—The California Farm Bureau federation is mailing to all its members a questionnaire on the Asiatic and Mexican immigration questions as they affect the farmers of the state.
It is not the intention to present a petition as the result of this voting, but merely to compile accurate information as to the opinions of the federations' members in order that this information may be given out in case the opinion of the California farmers is misstated.
The questionnaire also asks the opinion of farmers concerning the daylight saving law.

SECOND SHALE PLANT AT ELKO
It is reported here that the United States government plans to erect at Elko this spring a second plant for the treatment of oil shale. This plant will be financed by the Southern Pacific railway company and will be under the supervision of the United States bureau of mines.
While the story of the building of the second plant is only a rumor thus far, on the arrival of the government mine car here and in the absence of denial on the part of the officials accompanying the car, it was the purpose of their visit to inspect the ground preparatory to the building of the second plant. It is said that a new shale oil unit will be put up here in the near future.
The first government plant built here which has been dormant during the winter is expected to begin active operations once more soon.

COAST STATES ARE PROSPEROUS
(By Associated Press)
SAN FRANCISCO, March 25.—Recent rains have materially improved prospects for 1920 crops in the twelfth federal reserve district, although seasonal rainfall is still from 30 to 60 per cent below normal. In California, the rice, bean and sugar beet acreage is being materially curtailed and a serious shortage of hydro-electric power is probable because of lack of precipitation. Shortage of water for irrigation purposes may somewhat reduce the average yield in spring crops in the Pacific northwest and indications are that the fall-sown wheat crop will average about 75 per cent of normal. While average planted area is undiminished in the irrigated sections of Idaho, Nevada and Utah, the yield will approximate only 50 per cent of normal. In the dry farming portions of these states, the prospects for normal crops are excellent.

Rain conditions are favorable in all parts of the district except in northern Utah. The open winter has resulted in small loss of livestock through exposure and there has been no serious loss of livestock. The past month and there are no immediate prospects of any labor difficulties in the district.
Labor is fully employed in all sections of the district except in and around Seattle where there are approximately 1000 unemployed and many agricultural sections have reported a shortage of labor. There have been no strikes in labor districts of any importance during the past month and there are no immediate prospects of any labor difficulties in the district.

DRY TICKET FOR PRESIDENT
(By Associated Press)
CHICAGO, March 25.—Whether the prohibition party will nominate a candidate for the presidency and take an active part in the coming presidential campaign depends upon the attitude of the major parties to ward the strict enforcement of prohibition, says Virgil O. Hinshaw, of this city, chairman of the party.
There has been considerable speculation among political observers as to whether the prohibition party would or would not continue its political activity now that prohibition has become constitutional enactment. Questions have been asked whether the prohibition party leaders would feel that the party's objectives had been attained and the time had come when prohibitionists might return to or become affiliated with one or the other of the major parties.
Chairman Hinshaw believes the battle is not over, that the fight for enforcement of prohibition is still to be won.

His organization, he declares, will continue as long as the alcohol question continues to divide the nation. Concerning the party's attitude in the present campaign, Mr. Hinshaw said its policy is to be concentrated in its national convention at Lincoln, Neb. July 12 would depend entirely upon the action taken in the convention of the major parties.
In the major parties, he said, an emergency to strict enforcement of existing laws, we will probably have a prohibition candidate for the presidency, said Mr. Hinshaw.

Of course, it is up to the congress and whether we will or will not run, on anyway. But a major party has failed to endorse not only the 18th amendment, but even a prohibition law as well. I believe there will be backsliding that will bring many of their voters back into the fold.
